

EASTER GARDEN COMPETITION

Create your very own Easter Garden!

You will need:

- 1 tray
- 1 small empty plant pot
- Soil or sand
- 3 or 4 small flowering plant pots
- Small stones or pebbles
- 1 large stone for the entrance
- 1 piece of small white cloth
- 6 sticks (to make into 3 crosses)
- String or rubber bands
- You may also need an adult to help

1. Take the tray and place your plant pot on its side - this will make the tomb.
2. Cover half the tray (including over the side of the plant pot) with soil or sand - this will make a hillside.
3. Place the large stone in front of the plant pot so that it is covering half of the area so that it appears half-opened. Place small stones or pebbles to form a path leading to the tomb.
4. Place the small flowering plant pots on either side of the tray.
5. With the sticks, make three crosses and secure them with string or rubber bands. Push them into the soil or sand at the top of the "hill".
6. Finally, fold up the white cloth and place it in the tomb to represent the linen cloth that Jesus left behind in the tomb.

Don't forget to email your Easter Garden pictures to littleevangelist.id@gmail.com

Winners will be published in our gallery.
